this is an admirable book which can be recommended to students with confidence and is likely also to become an indispensable source of reference for those researching fact construction discourse society how is reality manufactured the idea of social construction has become a commonplace of much social research yet precisely what is constructed and how and even what constructionism means is often unclear or taken for granted in this major work jonathan potter offers a fascinating tour of the central themes raised by these questions representing reality overviews the different traditions in constructionist thought points are illustrated throughout with varied and engaging examples taken from newspaper stories relationship counselling sessions accounts of the paranormal social workers assessments of violent parents informal talk between programme makers political arguments and everyday conversations ranging across the social and human sciences this book provides a lucid introduction to several key strands of work that have overturned the way we think about facts and descriptions including the sociology of scientific knowledge conversation analysis and ethnomethodology and semiotics post structuralism and postmodernism

from suffragettes to vegans participants in social movements strive to change the worlds they inhabit whether by direct action rallies marches organized work stoppages or engaging government power in service of their aims active voices explores both the rhetorical dimensions of such activist activities and the integral role of rhetoric in the processes of social transformation this collection balances in depth analyses of particular movements and pedagogical projects with broader perspectives on how language and embodied action shape avenues for activism featured are a wide range of sites for social change from the progressive education movement to african american drum

circles and from prisoner reentry programs to the nineteenth century women's suffrage movement speaking as scholars activists storytellers rhetoricians and teachers the contributors blur the boundaries between different aspects of their identities and challenge divisions between creating theory and practicing it

michael billig's rhetorical approach has been key to the discursive turn in the social sciences his witty and original book examines argumentation and its psychological importance in human conduct and traces the connections between ancient rhetorical ideas and modern social psychology in a new introduction he offers further reflections on rhetoric and social psychology discusses the recent scholarship and allows some forgotten voices in the history of rhetoric to be heard loc gov catdir description cam027 95040694.html

this volume explores the constitutive role of rhetoric in socio cultural relations where discursive persuasion is so important and contains both theoretical chapters as well as fascinating examples of the ambiguities and effects of rhetoric used unconsciously in social praxis the elements of power competition and political persuasion figure prominently it is an accessible collection of studies speaking to common issues and problems in social life and shows the heuristic and often explanatory value of the rhetorical perspective
